

September 10, 2024

Dear Parent/Guardian:

Our hearts and thoughts are with our entire community as we prepare for Tropical System Francine. Our ultimate priority is to ensure that our families can focus on preparedness and safety during this school closure period. While we understand the significance of preventing learning loss during this time, again, we want your focus on planning and preparing for your family. We eagerly anticipate the safe return of all our students to campus in the days ahead.

As part of SJPB's commitment to your child's education, we have a robust continuous learning plan in place. This plan includes opportunities for students to engage in learning off campus, requiring minimal time and resources. Understanding the potential challenges of severe weather, our teachers have prepared learning packets for your child to stay engaged. These packets, containing review materials, should be returned upon our return to campus.

We want to reassure you that your child's learning is important to us, and we are fully committed to supporting it, even in the event of an extended closure. Please stay connected with us through our school and district Facebook Page and website for regular updates and announcements regarding school reopening. Stay alert, stay safe, and we look forward to seeing everyone soon.

Sincerely,

Michelle Seymour  
Interim Principal
